JOURNEY WITH US

At World Journeys our mission is simple: we design journeys that we, as travellers, would undertake ourselves. In our youth, we travelled the world on a budget, battling bureaucracy and language barriers to prove we could do it on our own. In later years we found, like many others, that we had less time to travel, let alone the luxury of planning our experiences. That's what inspires World Journeys today. We are travel aficionados and our itineraries are crafted on our own personal knowledge and experience. In fact, we generally won't sell a destination unless someone from our team has been there.

IT'S ALL ABOUT THE EXPERIENCE

To travel by train is to embark on a journey in the true sense. On our handpicked rail journeys, you'll traverse some of the most diverse destinations in the world, travelling through endless rainforests, sophisticated cities and remote locations. Dine in comfort and style with gourmet cuisine prepared by onboard chefs and stopover in bustling cities with first-class attractions. Each journey has something unique to offer the traveller, whether that be the immersive off-train excursions, the refined onboard experience or the epic scenery en route.

TAILOR-MADE TRAVEL

Here we showcase rail journeys to some of the most fascinating places on earth. These are our personal suggestions of where to go and what to see. Our team of experts can tailor-make your itinerary to include unique experiences at either end of your rail journey, from wildlife safaris in Africa to the sights of the Canadian Rockies. In some cases, you can combine rail routes, or why not add on a cruise or a culinary tour? Whatever it may be, we're here to craft your perfect trip.

We offer professional planning with expert knowledge to create a seamless travel experience. Our backup services will take the stress out of travel; if your flight is delayed or there is an unforeseen issue, we'll sort out the arrangements for you. Wherever you are, we have you covered.

YOUR DOCUMENTS

To make sure you always know what you're doing and where you're going while you're travelling, you will be sent beautifully prepared travel documents. These detail your day-by-day itinerary and include everything you need for a hassle-free journey. You will receive a travel wallet along with a World Journeys luggage tag. These are also a wonderful memento of your journey.

WORLD JOURNEYS APP

Ask us about the new World Journeys app which gives you access to your documents on your mobile device or tablet.

GIVING BACK

As you've seen in this brochure, we visit some of the most pristine locations in the world; some are home to a local population less fortunate than ours, to endangered wildlife, or to fragile environments and ecosystems.

All too often, their plight goes unseen, whether it's the devastation in marine environments caused by ghost nets in the Indian Ocean, leopards and cheetahs being poisoned in Namibia, rhinos massacred for their horns, or Cape Town's hungry street children. World Journeys is proud to support a number of charitable organisations and we donate

to support their quest to minimise humankind's impact on the environment and bring relief to those in need. Join us in aiding these noble organisations to keep our world beautiful and prosperous so that future generations can enjoy inspiring journeys of their own.

WE SUPPORT THESE ORGANISATIONS

Travellers help struggling schools in the areas they visit by packing supplies such as pencils, soccer balls, stethoscopes, and blood pressure kits. See packforapurpose.org for more information.

Bridging the Gap builds and sustains village schools along the river in Northern Laos. These donations buy desks, textbooks, school supplies, buildings, toilets, floors, and roofs.

This programme relocates white and black rhinos from the high density parks in South Africa, to parks in Botswana. These parks are more difficult for poachers to access.

This rehabilitation centre for poisoned or injured (by traps) leopards and cheetahs also educates local game farmers on how to avoid these cats eating their stock.

Sea turtle rescue centre that removes "ghost gear" – abandoned fishing gear such as nets – from the marine environment in the Indian Ocean and provides rehabilitation for affected sea turtles.

Together with partnered restaurants and other sponsors, StreetSmart South Africa raises money to fund street children's education, skills training, and family reunification programmes.
