A call to adventure. A yearning for the Australia unseen. The remote. The otherwise inaccessible. Pursuing your own idea of luxury. Nurturing curiosity. Falling in love with the world all over again. Laughing. Hiking. Leaving footprints on castaway islands. Finding shade beneath a boab tree. Tales of the Dreaming etched in rock. The crackle of a campfire. The crash of a waterfall. The echo of an ancient gorge. Being in the company of explorers, historians and naturalists. New-found friends. Fierce sunsets. Freshly caught seafood. Remembering what exhilaration feels like. Zodiac rides. Sprawling reefs. Turning tides. Feeling the ocean spray on your skin. Embracing the unknown. Being surprised. Being free. Knowing the little things have been looked after so you can live fully in each and every unforgettable moment.

Extraordinary moments in travel.

Made possible every day with APT.

Take to the water and experience some of Australia's most remote coastlines from a whole new perspective. Escape from the crowds. Leave all your worries on land. Feel the sea breeze ripple through your hair and the sunshine on your skin. Whether you are chasing the thrill of a Zodiac ride or looking to delve deeper into Indigenous culture, APT is for you. Simply select your destination, choose your Travel Style and then head to the Trip Finder – you're on your way.

Kimberley Coast

Nothing quite compares to the Kimberley Coast. Here, water plummets over towering rock faces into turquoise seas and powerful rivers carve their way through deep gorges. Castaway islands teem with birdlife and soaring pindan cliffs collide with stretches of pristine white sand. Saltwater crocodiles emerge from mangroves and boab trees lay scattered across vast open plains. This is a place for the adventurous. For the curious. For the nature lovers.

Coral Coast

Stretching over 1,100 kilometres of seemingly untouched coastline, Western Australia's Coral Coast is a marine paradise. World Heritage-listed Ningaloo Reef is home to crystal-clear waters, vibrant coral reefs, and a myriad of sea creatures. Here, dugongs and manta rays dwell in submerged seagrass meadows while turtles glide through shimmering waters. Delve beneath the surface and discover one of the world's last great ocean havens.

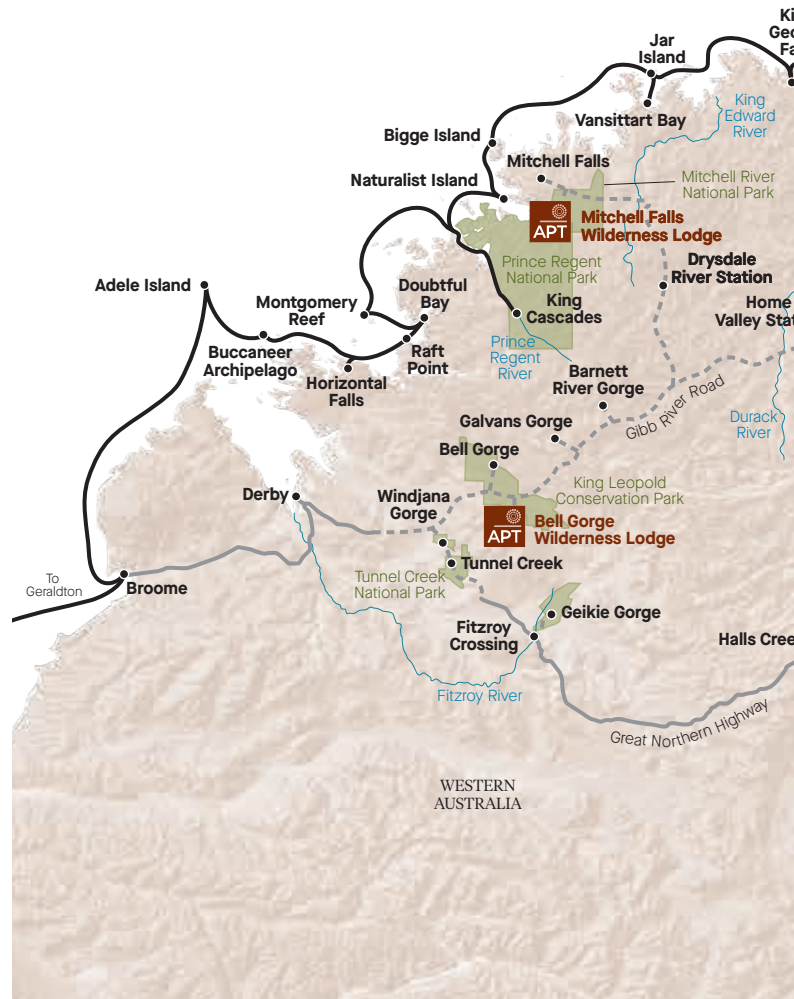

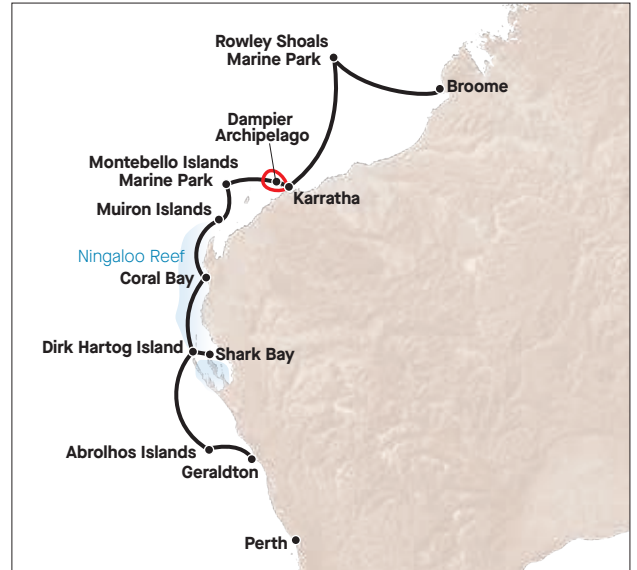

Arnhem Land Coast

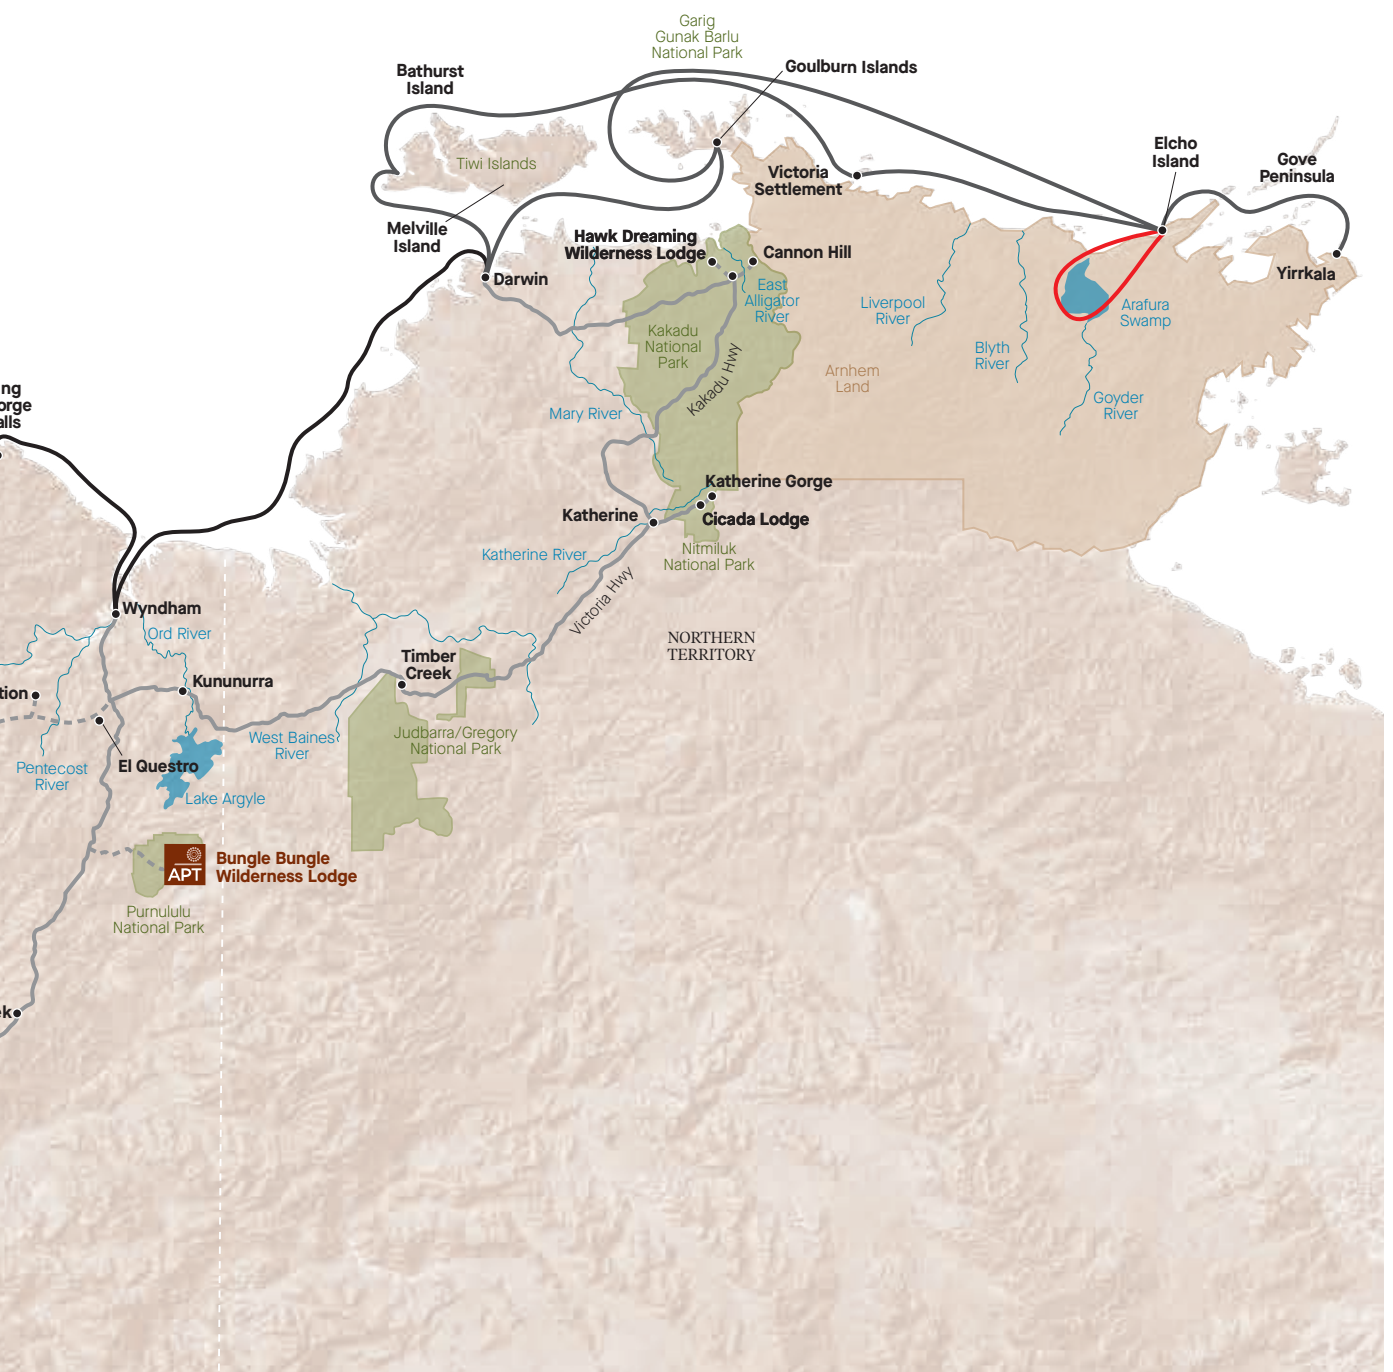

Forget everything you know and venture into a land where time doesn't exist. A land where the spirit of community runs deep and ancient cultures thrive. A land where Australia's most iconic musical instrument – the didgeridoo – was created. Where ochre cliffs, dense jungles, and swampy marshlands meet, and 60,000-year-old art styles take shape on cave walls. This is Arnhem Land, and it will evoke a sense of remoteness like you've never felt before.

4WD Land and Cruise Adventures

For the true adventurers among you, there is no greater way to explore the Kimberley region than by both land and sea. Venture inland, where palm-fringed gorges await your discovery and sprawling national parks hide thermal hot springs. Then, chart a course through the ancient waters of the Kimberley Coast aboard our very own expedition ships. The stark contrast between endless stretches of baked red earth and turquoise waters will leave even the most seasoned travellers breathless.

Remote Journeys

Join just 21 other travellers and venture off the beaten track to discover the road less travelled on an APT Remote Journey. Spend your days hiking through gorges and soaking in thermal pools, and your nights at unique outback accommodation or our exclusive wilderness lodges. Your expert driver-guide and friendly lodge hosts will always be there to lend a helping hand or share a story around the campfire.

Small Ship Expedition Cruising / 01

Small ship expedition cruising is all about venturing further, seeing more, and doing more, but also enjoying great food, wine and a little pampering along the way. You'll stay close to the coastline, which means there will be no long days spent at sea and more time spent exploring. Rise each morning to a new adventure – a remote island to explore or a sprawling reef to discover. In the evening, kick back on board with your favourite drink and a long, decadent meal.

APT's Own Ships

With our very own sister ships – the MS Caledonian Sky and MS Island Sky – at our disposal, we have the flexibility to handcraft every element of the adventure. From each included shore excursion to an exclusive range of onboard events and even the very route we sail, every journey is a genuinely unique experience.

Sail Away from the Crowds

Bigger is not always better in the cruising world. Our expedition ships are purposely built small, carrying just 110 guests instead of thousands so we can access shallow shorelines and remote coastal areas.

Your Avenue to Adventure

Each ship carries a fleet of inflatable Zodiac vessels to get you close to where the action happens. Our expedition cruises along the Kimberley, Coral and Arnhem Land coastlines make use of them every day to reach remote locations, so you can admire the landscapes from sea level.

Expect the Unexpected

On our expedition cruises, there is no regimented itinerary, which means that we can tailor each day to maximise your experience. We might stay a little longer on a remote island to catch sight of some wildlife, or take a different route on our Zodiacs if the tides are changing faster than expected.

Our Fleet of 4WD Vehicles

The best service goes beyond white gloves and silver platters. It's taking the time to get to know you, your likes, dislikes and personal preferences, then anticipating your needs, even before you might. It's being genuinely interested in getting to know you, yet intuitive enough to recognise when you'd prefer some time to yourself. This level of service is one of our greatest assets.

From the bartender who knows just how you like your aperitif to your expedition team who love a chat, personalised service comes as standard.

Your 10-Member Expedition Team

Your avenue to adventure, these professionals are leaders in their field and play a key role in every expedition. With nine expedition team members joining your expedition leader on every Zodiac excursion, they expertly guide every foray off the ship to ensure you get the most out of your adventure. Each day, the team will liaise with the captain to deliver a daily program that best suits weather conditions. From marine biologists to zoologists, you won't find a group of people more passionate about sharing their knowledge of the Kimberley, Coral and Arnhem Land coastlines.

The ship's captain and crew have been hand-picked for their experience, knowledge and training. With guest numbers of a little over 100 and 75 crew members, you'll never have to go looking for assistance.

Your Expert Driver-Guides

Our friendly driver-guides live and breathe all things Kimberley. Your safety is their number one priority, and they will always be there to lend a hand if you need. They'll even join you by the campfire on a night to share a few tales.

Uncover Indigenous Rock Art

Bigge Island is renowned for its Indigenous rock art, found scattered in caves throughout the island. Step ashore and wander through the caves to see examples of first contact art created by the Wunambal people.

An exhilarating Zodiac excursion brings you up close to one of nature's most magical disappearing acts. See the reef rise from the ocean as the surrounding tidal waters recede.

Soar Over Arafura Swamp

Board a scenic flight and take to the skies for a whole new perspective on this vast wetland. Spanning over 700 square kilometres, the swamp is home to hundreds of bird species, along with what is thought to be the largest population of crocodiles in the world.

Our Commitment / 06

Home to some of the oldest cultures and rarest ecosystems on the planet, the remote Kimberley region has remained largely untouched for thousands of years. This means that curating timeless adventures through these precious landscapes comes with a great deal of responsibility to the natural environment and culture of local Indigenous communities. At APT this is something we take very seriously – this is our commitment.

Our commitment to the Kimberley runs deep, just like the sacred cultures and ancient traditions that thrive here.

Supporting Indigenous Communities

To put it simply, our adventures through the Kimberley wouldn't be possible without our long-standing Indigenous partnerships, and we are committed to maintaining them. Whether it be through providing employment opportunities or making donations to local communities, we work hard to make sure the Indigenous communities of the Kimberley continue to thrive for years to come. Some of our partners include the Kimberley Foundation Australia, the Kandiwal Community, Wunan Foundation, and the Imintji Community.

Advanced Excellence in Ecotourism

The fact that we are the only major tour operator in the Kimberley region with an Advanced Ecotourism certification speaks volumes, and reflects just how committed we are to maintaining the environmentally sustainable practices we've adopted over the years across our network of wilderness lodges. 2020 marks 14 years of our Advanced Ecotourism certification, and we are proud to continue offering experiences that have minimal impact on the region's pristine natural environment.

We understand that travelling shouldn't be a hassle. That's why with our personal APT Concierge app, exclusive to APT guests, all of your travel information is just one click away. From Kununurra transfer to Wyndham, where you will be welcomed on board your ship. A relaxed dinner this evening allows you the chance to meet your fellow travellers and sets the tone for the next nine nights on board. **D**

Nine Nights: MS Island Sky or MS Caledonian Sky.

Day 02: Koolama Bay, King George River and Falls

☆ Wake this morning as your ship cruises into Koolama Bay. Hear how this harbour was renamed following the Japanese bombing of the MV Koolama in 1942. Next, it's on to King George River. Join your expedition team and jump aboard a Zodiac to meander through the river's gorge system, passing hidden mangrove-fringed coves and soaring red cliffs. Anticipation builds as your Zodiac approaches King George Falls, plunging 80 metres over a towering sandstone cliff. Edge closer to this epic cascade and learn how it turns to a raging torrent during the monsoonal wet season. **BLD**

Day 03: Vansittart Bay, Jar Island

An intriguing exploration of Vansittart Bay awaits today. Join your expedition team and set out across the bay's vast salt flats to view the wreckage of a US Air Force C-53 that crash landed on the beach during World War II. Later,

step ashore at Jar Island and see examples of mysterious Bradshaw (Gwion Gwion) paintings, dating back some 20,000 years. **BLD**

Day 04: Bigge Island

☆ Discover Bigge Island today, known for its Indigenous rock art created by the Wunambal people. In caves throughout the island, see examples of first contact art depicting European tall ships dating from the 15th to 18th century. Having been repainted annually for the past 5,000 years, it is thought to be the oldest continuous sacred painting tradition on the planet. **BLD**

Day 05: Prince Frederick Harbour, Hunter River, Mitchell Falls

Your expedition ship arrives at Prince Frederick Harbour today, home to towering red cliffs and mangroves. With its extreme tides and pristine ecosystems, the harbour is home to a wide variety of wildlife, including saltwater crocodiles and mudskippers. For the keen birdwatchers among you, be sure to keep an eye out for kingfishers, egrets, herons and white-bellied sea eagles. Then, once again, it's time to jump aboard your trusty Zodiac vessels, this time for an exhilarating exploration of the Hunter River and Naturalist Island. As your day of discovery draws to a close, you might choose to set out on a helicopter flight and view Mitchell Falls from above (own expense). **BLD**

Above King George River and Falls / Right Adele Island exploration

Day 06: Careening Bay, Prince Regent Reserve, St George's Basin

Reach Careening Bay today, home to the historic Mermaid Boab Tree. It was here in 1820 that Lieutenant Phillip Parker King used the area's massive tides to beach his damaged ship, the HMC Mermaid. During this time, King's carpenter carved the ship's name into a boab tree that overlooks the bay. Continue on to Prince Regent Nature Reserve, only accessible by boat. Explore this protected area and see why it is recognised as a national biodiversity hotspot. Next, it's on to the untouched coastal area of Hanover Bay. While you're here, you might like to hop aboard your Zodiac for an enthralling visit to St George's Basin. If the tide allows, perhaps catch a glimpse of a saltwater crocodile, among other marine life. **BLD**

Day 07: Montgomery Reef, Doubtful Bay, Raft Point

⊛ Excitement builds this morning as you join your expedition team for an in-depth exploration of Montgomery Reef by Zodiac. Witness the reef rise out of the ocean as the tidal waters cascade rapidly into the surrounding channels.

Keep an eye out for unique bird life and turtles who may pop their heads up from time to time. Then, leave this natural phenomenon behind and cruise through Doubtful Bay, a hotspot for whale watching during the season. Later, step ashore at Raft Point to visit an ancient Wandjina rock art site. These unique art figures are ritually repainted each year, however, scientific estimates show that the originals date back as far as 5,000 years. When available, you'll be joined by a local Indigenous guide. **BLD**

Day 08: Talbot Bay, Horizontal Falls

⊛ Today your ship cruises through to Talbot Bay, known for its epic 12-metre tides that create an astonishing natural spectacle, the Horizontal Falls. Subject to tidal conditions, set out on a thrilling ride through the falls aboard a high-powered fast boat. Hold on tight as your boat skims across Talbot bay to the mouth of the falls before making its way through the churning waters. The adventure continues as you jump aboard your Zodiac vessel for an exploration of Cyclone Creek. See dramatic folding in the rock formations as you navigate through the creek, accompanied by your expedition team member. **BLD**

An Intriguing Natural Wonder

Tucked away in Talbot Bay, just north of Derby, lies one of the most powerful natural spectacles you could possibly imagine. The bay is separated from the ocean by two narrow strips of rugged ochre cliffs, and during the highest tides, up to one million litres of water rush through the gaps every second. This creates one of the largest regular tidal changes in the world – the Kimberley's Horizontal Falls.

Day 09: Buccaneer Archipelago, Adele Island

There's promise of yet more turquoise waters today as your ship arrives in the Buccaneer Archipelago, home to more than 800 islands. Cruise to Adele Island and join your expedition team member for an exploration of this remote coastal area by Zodiac. The island is surrounded by Adele Reef, teeming with an array of coral and marine life, including reef sharks and stingrays. Back on board, toast the end of an epic adventure during a farewell dinner. Then, take in the amber glow of a Kimberley sunset for the last time as your ship sets sail towards Broome. **BLD**

Day 10: Disembark Ship, Depart Broome

Arriving into Broome this morning means it's time to say goodbye to your ship. You'll set out on a fleeting exploration of this historic pearling town before being transferred to the airport later this afternoon. **B**

Australian Geographic Hosted Departures

On selected departures in 2020, APT is excited to welcome Jo Runciman and Todd Tai from the Australian Geographic Society on board your Kimberley Coast cruise.

As your hosts, Jo and Todd will share their knowledge of the incredible Kimberley region and will also give informative lectures on their areas of expertise.

Evidence of Indigenous occupation has been discovered to date all the way through the last ice age, and the Archipelago contains more than one million rock engravings. Soar over this spectacular coastal area and discover its sheer size and cultural significance.

Glossary

Clarifying the intricacies of an APT expedition cruise and 4WD remote journey.

a

Adaptors & Electricity

On board both ships Voltage is 110V (American standard) and a 220V razor socket which is only suitable for low voltage electrical appliances e.g. mobile phone and camera charger. We recommend you bring a two-pin American adaptor for the 110V plug. On 4WD land adventures, our Wilderness Lodges generate their own power, each Lodge can assist in charging items such as cameras in central dining areas.

b

Beverages

A selection of alcoholic beverages are included at your discretion aboard the MS Island Sky and MS Caledonian Sky. Most lodges and hotels in the Kimberley are licensed to sell alcohol. They stock a limited range of alcoholic beverages for purchase, allowing you to enjoy an evening drink (for guests over 18 years of age). Guests cannot bring their own alcohol. Alcohol is not permitted in some areas visited.

c

Currency

The Great British Pound (£) is the official currency used on board the MS Caledonian Sky and MS Island Sky. Settlement of shipboard accounts are accepted with American Express, Visa, MasterCard or cash (GBP).

d

Dining

All meals are included on board your cruise including morning and afternoon tea. There are two dining venues – the Restaurant and the Lido Deck (which offers al fresco dining) both with open seating policy. On our 4WD land adventures, there's nothing standard about the meals. Enjoy a buffet breakfast with hot and cold options; grab a packed lunch before you head out for the day; then savour a chef-prepared three-course dinner each evening. Should you have any special dietary requirements, you must advise these at the time of booking.

e

Expedition Cruising

Expedition cruises are more active and involve regular use of Zodiac vessels. These cruises feature a taste of exploration and adventure with an expedition team including naturalists, marine biologists, historians, geologists and photographers. Embark upon a path less travelled, going where few have gone before. A sense of adventure is required to take advantage of opportunities as they occur to enhance your cruise.

f

Flights to/from Kununurra

Brand new in 2020, Alliance Air will operate regular scheduled flights from Melbourne to Kununurra, and vice versa. These flights will depart from Melbourne Airport's new Jet Base.

The flights will be available for passengers on cruises and tours commencing and concluding in Wyndham or Kununurra. APT will transfer you from Wyndham to Kununurra for your onward flight, either before or after your cruise/tour.

If Melbourne is not your home city, you can book an onward flight to your home city with Virgin.

h

Health & Fitness

As Kimberley tours visit remote areas and feature activities with varying degrees of difficulty, it is vital to select a tour with an activity level suited to your health and fitness. A good level of fitness is essential for you to undertake walks in hot conditions and over terrain with uneven and slippery surfaces. Some walks will require you to clamber over boulders up to one metre high.

The nature of expedition cruising requires regular embarkation/disembarkation of Zodiacs for shore access, as well as wet landings on remote beaches, where footwear will get wet. Guests must be able to climb ramps and step in and out of smaller vessels. There is a lift on board both vessels which services all decks. Walking frames are not permitted on tour.

It is your responsibility to carry any medication (which may require a cooler bag). Consult your local medical practitioner for any health advice.

i

Internet & Wi-Fi

Wi-Fi internet is included on board both ships however it is not guaranteed. Mobile coverage is not available during the cruise due to remote locations. In the Kimberley, mobile phone service is extremely limited and only available in major centres. Internet is available at our Bungle Bungle Wilderness Lodge, and is also available at other resorts/hotels at a cost.

l

Laundry

Both ships have laundry facilities available and price lists are available in your suite. On 4WD land adventures, hand washing facilities are available at each of our Wilderness Lodges (however, washing is not encouraged at Bungle Bungle Wilderness Lodge due to water conservation principles). In larger centres such as Darwin, Kununurra and Broome, hotels feature coin-operated washing machines and dryers.

Library

Our ships have a collection of books and games available for guests to borrow free of charge.

Luggage

As a general rule, airlines permit passengers in economy class to take one piece of luggage that does not exceed 160cm (63 inches), or weigh more than 20kg (44 pounds). We advise you to contact your airline carrier or travel agent for specific information prior to departure, as size and weight limitations may vary. Each guest is entitled to take one piece of luggage on your cruise that does not exceed the above specifications.

Due to the size of 4WD vehicles and strict regulations for vehicle weight, there is limited luggage capacity. Please pack your required items into one small bag (no hard suitcases) weighing no more than 16kgs. Alternatively, suitcases are acceptable if they fit within the following dimensions of 66cm length x 35cm width x 32cm height. APT duffle bags are available, enquire for more details. If you have excess luggage, please arrange for it to be stored at your hotel if returning to it post tour or organise for it to be forwarded to the tour's final destination.

p

Passports & Visas

If you are travelling aboard the MS Caledonian Sky or MS Island Sky, we recommend that you have a valid passport with at least six months validity from the return date. It is your responsibility to ensure these are obtained prior to departure. No visas are required.

t

Travel Insurance

Travel insurance is mandatory on all cruises and highly recommended on all land tours. Purchase comprehensive cover for any unforeseen circumstances that may arise on tour or before leaving home (this includes cover for any cancellation penalties, remote evacuation, medical and curtailment expenses, loss of luggage, etc.).

W

Weather

May through to September are the best months to travel to the Kimberley. When cruising, the start of the season is ideal for waterfalls, while late in the season in August and September, whales are likely to be spotted.

The Kimberley region is characterised by both a tropical and monsoonal climate, which can be divided into two seasons – a wet season and a dry season. The dry season (May to October) – will be mild to warm during the day, although temperatures can drop significantly to be very cold at night. The weather tends to be more stable at this time of year so you can expect clear blue skies, light breezes and dry weather most days.

From June to August, the days are fine and warm with cold nights (average maximum 29 degrees Celsius). Inland conditions at night can drop to below zero degrees Celsius. Rainfall is rare.

We recommend layering clothing in the evenings when travelling during this time of year.

The wet season (November to April) – is warm to hot, and humid with spectacular thunderstorms, lightning displays and amazing sunsets. The downpours tend to be brief and dramatic, and the flora flourishes in these months. Most roads are inaccessible at this time.

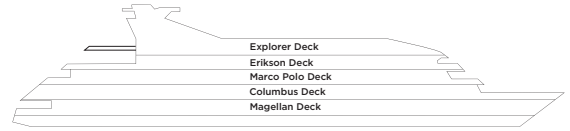

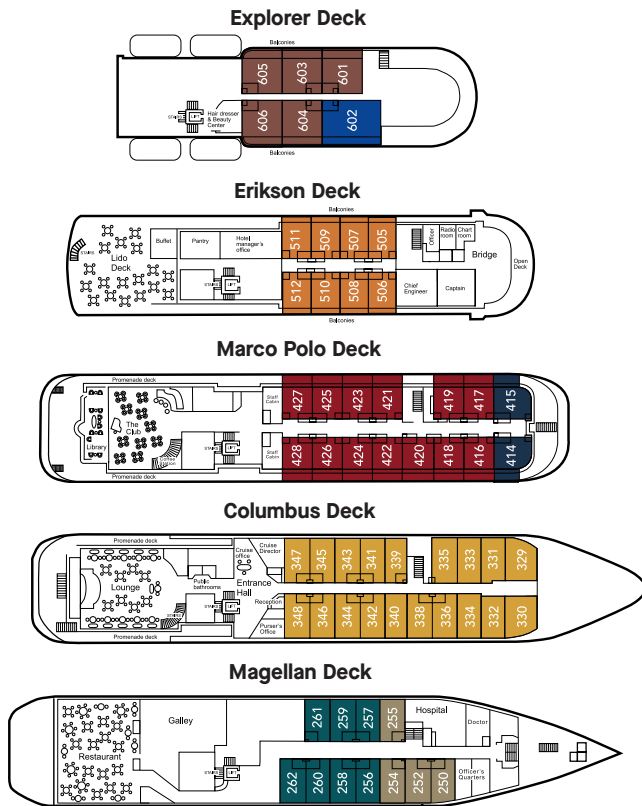

Z

Zodiacs

Zodiacs are versatile, inflatable boats, which provide a unique platform for observing wildlife and enjoying landscapes from sea level, enabling you to get closer to the sights. They provide a fast and safe way of going ashore in remote locations and are invaluable for exploration.

Governing Law

These booking conditions are governed by the law in force in Victoria, Australia.

Passengers who miss the pre-booked transfers must make their own way to/from the ship/hotel at own expense. Passengers must advise APT of their prior arrangements, even if not booking APT pre and post hotels.

Choosing Your Holiday

The holidays contained within this brochure are for departures between 1 April 2020 and 30 September 2020. To maximise your enjoyment of your APT holiday and to ensure that it lives up to your expectations it is important that you choose the right holiday package for you. Our brochures contain limited information, however, there is more information on our website at aptouring.co.nz and our qualified staff are available to discuss your options.

Gratuities

Gratuities are included for all staff on board the MS Caledonian and MS Island Sky and cannot be redeemed for a cash refund. Gratuities are not included, or expected, on land touring. Gratuities are not included for any individual purchases.

Hotels

In more remote locations, hotel standards may not be quite as high as in major centres. APT endeavours to utilise the most suitable accommodation available in each destination to ensure that passengers enjoy high levels of cleanliness,

comfort and service. The hotels listed in this brochure will be used on almost all holiday packages, however, if a change is necessary for any reason, APT will endeavour to ensure that alternative accommodation is of an equivalent standard to those shown. Hotel rooms are generally not available for check-in before 3 pm and require check-out by 10am, however may vary at each property.

Cruising – Cabin/Suite/Stateroom Selection

APT will make every effort to assign specific cabins, cabin numbers or locations on the ship if requested. If this is not possible, APT reserves the right to make changes to cabin assignment, within the category booked, without prior notice.

Passports

It is recommended that all MS Caledonian Sky and MS Island Sky passengers must carry a passport which is valid for a minimum of six months from the date of your cruise conclusion. Meeting necessary passport requirements and cost is the sole responsibility of the passenger. APT is not responsible for delays or missed portions of cruise/tour relating to incorrect travel documents.

Solo Travellers

A limited number of single rooms/suites/cabins are available by request at time of booking.

Health & Fitness

A good level of fitness and health is required to participate on APT's holiday packages. In the Kimberley, there are extensive sightseeing excursions by foot, which includes climbing of stairs and walking over uneven surfaces and in some cases climbing over rocks and/or walking through shallow streams and rivers. Mobility is needed boarding or alighting vehicles and cruise ships. We recommend a visit to the doctor and dentist before travelling to remote destinations. It is your responsibility to advise APT of any pre-existing medical conditions that may affect the normal conduct of a holiday package and the enjoyment of other passengers. A Health, Fitness & Mobility Questionnaire will be provided and requested to be completed at the time of booking if you advise of any health, fitness or mobility issues. APT is not liable for any injury, illness, or loss of enjoyment which could have been reasonably prevented had we been made aware of a pre-existing condition and been provided an opportunity to review it. We will not be responsible for any costs associated with cancellation penalties or the return of passengers from a tour, and a refund for lost touring cannot be claimed.

Passengers Needing Special Assistance

APT welcomes passengers with disabilities or special needs however, please note the following:

1. Any disability or medical condition requiring special attention must be reported to APT at the time of booking including all important information relating to your health, mobility and fitness which may affect your partial or total participation in the cruise or tour. This information is also crucial to allow APT to ensure the tour you have chosen is suitable and meets your needs. Any changes to health, mobility and fitness must also be reported to APT as soon as possible and prior to departure. Where possible APT will make reasonable adjustments to the tour to accommodate your special needs however, it cannot do so if the adjustment required would be unreasonable in all of the circumstances, including if such adjustments would affect your safety and/or the safety and/or enjoyment of other passengers.

2. If you require special assistance or care (such as pushing a wheelchair, assistance with dressing or assistance with walking), you must travel with a companion capable of providing the required assistance or care. Please be aware that APT does not provide personal assistance. APT is unable to assist any passenger with walking, dining, boarding or disembarking any transportation vehicles (including river and ocean cruise ships and trains). To safely participate in embarkation and disembarkation you must be able to do so without the need for special assistance. You must also be able to do so without unreasonably impacting other passengers' safety and/or enjoyment.

3. While APT will make reasonable efforts to accommodate the special needs of disabled passengers, it is not responsible for any denial of services by any third party entities it has travel arrangements with, such as carriers, hotels, trains, restaurants or other independent suppliers, or for any additional associated expenses charges by those parties.

4. Please note coaches and minibuses are not equipped with wheelchair ramps. Most river and ocean ships have elevators, however not all APT ships have elevators. Many ships require the use of stairs to go between decks. Further, side by side docking may require passengers to climb and descent stairs to cross over vessels to disembark and embark at times. APT ships often sail through remote areas that do not have convenient docking facilities. In such circumstances it will be necessary for passengers to negotiate temporary gangplanks and uneven surfaces. If the crew decide that it is not safe for a passenger to negotiate such operations they may require passengers to stay on board. Cabin doors and restrooms may not be wide enough to allow access by standard wheelchairs. Wheelchairs and walkers cannot be carried on coaches, due to space limitations. For safety reasons, passengers in wheelchairs cannot be carried on ramps in ports where the river or ocean cruise ship is at anchor.

Shore Excursions

The timing of the shore excursions on all cruise ship holiday packages may differ slightly for each package. The published

times are a guide only and are subject to change without notice. Guests must be able to climb ramps to embark or disembark cruise ships and tenders. Kimberley cruising holidays require several wet landings, whereby feet and legs may be fully immersed in water during embarkation and disembarkation of Zodiacs or tenders.

Superdeals, Fly Deals and Special Offers

Conditions apply. For full terms and conditions relating to any Superdeal, Fly Deal or Special Offer on your booking, please go to kimberleywilderness.co.nz/specials

Booking & Paying for Your Holiday

Airfares

Air travel is arranged with independent airlines. APT will arrange air travel as advertised in connection with your holiday package or otherwise arranged with APT. All airfares are subject to flight and booking class availability. Airfares will be booked and ticketed upon receipt of your deposit to avoid price or tax increases. Airport taxes vary for each departure point and routing of airline. Airline schedules are subject to change without notice. Once air tickets are issued, airline amendment and/or cancellation fees apply and, in some cases, are non-refundable. Name changes and voluntary date and schedule changes will incur fees. APT is not liable for delays or disruptions of air travel. Once tickets are issued APT will have no other liability and will not be responsible for refunding the cost of any services booked in conjunction with the flights. While we endeavour to accommodate your airline seating requests, these are never guaranteed and are subject to change at the airline's discretion.

Out of Date Range Flights

If airlines have not published their schedule at the time this brochure was printed or at the time of booking, APT will estimate the cost of airfares connected with your holiday package. When the airline releases flight inventory and airfares, APT will confirm seats and pricing to you by sending you an updated invoice. Once flights have been confirmed by you and payment has been received APT will issue your ticket/s.

APT Deposit Cancellation Peace of Mind

Applicable when an upfront fee of \$95 per person is paid with your deposit. The holiday package can be cancelled prior to the final payment date and your deposit will be retained as an APT holding credit to be used for future bookings. If Deposit Cancellation Peace of Mind is claimed, monies held must be used on a future cruise or tour and cannot be redeemed against the original cruise or tour departure date. Deposit held in credit will exclude fees imposed by third parties, including but not limited to air travel and hotels. When booking airfares through APT (including when taking advantage of a special offer that includes air travel), standard airline cancellation fees will apply. In some cases, airfares will be non-refundable. In the event of cancellation, these fees will be deducted from the deposit paid, and therefore the credit being held. APT Deposit Cancellation Peace of Mind applies to new bookings only and is only valid up until 100 days prior to travel. After three years, unused credit funds will incur the original cancellation conditions as per brochure. This does not replace travel insurance, which you are required to purchase at the time of booking.

Travel Insurance

Travel Insurance is not included in your holiday package. You are required to purchase comprehensive travel insurance at the time of booking which includes (without limitation) coverage for the cost of your holiday package, medical expenses, loss or damage to luggage, remote evacuation, cruise and land content and airfare charges that may occur due to cancellation, impossibility of performance or other frustration, disruption, loss of deposit and strikes. The mandatory purchase of travel insurance forms part of your booking contract when booking a Kimberley Expedition Cruise. You may be asked to provide the details of your policy before your cruise can be confirmed.

Travel Information & Documents

After booking you will receive an invoice with all important information relevant to your holiday package. We strongly recommend you check the details carefully and read the included information. Please ensure that you check your flight timings carefully on your tickets, particularly early morning departures. Approximately 21 days before departure you will receive your e-ticket for flights booked through APT, together with your final itinerary. However, in the case of late bookings, charges or late payment, tickets may be emailed to you.

Special Requests

Where a special request (eg. diet, room location, twin or double bedded room, a particular facility at a hotel, flight seat requests and/or particular meals) is an important factor in your choice of holiday, you must advise us when your booking is made. APT will pass your request onto the hotel, airline or other supplier but cannot guarantee that it will be accommodated. APT will also pass on any dietary requests to the airline but we strongly recommend that you check directly with the airline once your tickets have been issued. The provision of any special request does not constitute a term of your contract with us. Confirmation that a special request has been noted or passed on to the supplier or the inclusion of the special request on your confirmation invoice or any other documentation is not confirmation that the request will be met. Unless and until specifically confirmed, all special requests are subject to availability.

Credit Card Surcharges

If you pay APT by credit card, surcharges of between 1% and 3% will be added to your holiday package price.

IF YOU CHANGE OR CANCEL YOUR HOLIDAY

Changes or Additions to your Holiday

If you want to change any part of your holiday arrangements after the invoice has been issued, we will do our best to make the change, but it may not be possible. Any request for changes must be made in writing by the person who made the original booking, or his or her travel agent. If it is possible to make the change, it will be subject to an administration charge and payment of any further costs incurred as a result of the change.

Cancellation Policy

For all holiday packages in this brochure, the following APT cancellation fees apply:

Days of Notice	Fee Per Person
100 days or more	Loss of deposit
99-61 days	50% of holiday package price
60 days or less	100% of holiday package price

All cancellations must be received in writing by APT and are not effective until this notification has been received. If your holiday has commenced, 100% of the full holiday package price is charged. There is no refund for unused services or if portions of the holiday package are missed. Additional cancellation fees may also be charged in respect of accommodation reserved outside the holiday package dates. These cancellation fees are in addition to any fees that may be levied by APT and/or your travel agent (if any). You acknowledge that the amounts estimated under the Cancellation Policy are reasonable and represent a genuine pre-estimate of APT's loss and are otherwise reasonably necessary to protect the legitimate interests of APT. If you request changes after APT has issued your documents, APT may charge you an administration and processing fee of \$70 per person in addition to any applicable cancellation fees.

Cancellation of Ticketed Airfares

An APT cancellation fee of \$50 per person applies for ticketed airfares, in addition to any airline cancellation fees that are applicable.

Changes to Ticketed Airfares

If you wish to amend the date or routing on your ticketed air booking, an APT amendment fee of \$30 per person for the first change and \$85 for any subsequent changes will be charged in addition to airline change fees and additional taxes that are applicable. If, for any reason, a name change to a ticketed airfare is required, a \$125 per person name change fee will apply for every change in addition to any applicable airline fees.

IF WE CHANGE OR CANCEL YOUR HOLIDAY

If we change or cancel your holiday before your departure, APT endeavours to provide you with all the services confirmed to you at the time of your booking. However, we plan arrangements a long time in advance of your departure date using independent suppliers such as airlines, hotels etc., over whom we have no direct control. On occasions changes do have to be made, and APT reserves the right to cancel or amend holiday packages/excursions accordingly. All tours require a minimum number of bookings in order to be financially viable and to have a pleasant group atmosphere. In the event adequate numbers cannot be achieved, it may be necessary to cancel a scheduled departure and offer the nearest possible alternative date (or a refund of the monies paid for arrangements made by APT).

Brochure Accuracy

APT has endeavoured to ensure that the information given in this brochure about accommodation, itineraries etc., is correct to the best of its knowledge at the time of going to print. However, advertised descriptions, facilities and prices may change after publication. We recommend that you confirm the details of your chosen holiday package at the time of booking. Additionally, flight times, carriers and routes in the brochure are given for guidance only as there may be changes. Final details will be shown on your tickets and itinerary. Holiday package or excursion itineraries may change or be different from those described in the brochure as a result of local conditions, weather conditions and annual events. APT will endeavour to notify you of any significant changes prior to your departure.

Flight Changes

The flight timings shown in our brochure, on our website and detailed on your confirmation invoice are for guidance only and are subject to alteration and confirmation. Flight timings are set by airlines and affected by events outside our control. Scheduled and charter flight timings, and days of operation are also subject to change. APT will advise you of any significant changes as soon as it is informed by the airline. Minor timing changes will be shown on your flight tickets. Any change in the identity of the airline, flight timings or aircraft type (if advised) will not entitle you to cancel or change to other arrangements without paying any applicable cancellation fees except where specified in these booking conditions.

Force Majeure

Force Majeure means the occurrence of an event that is beyond APT's reasonable control and which could not have been reasonably prevented by APT, which includes, but is not limited to: (a) war, armed conflict, criminal damage, riot, civil strife, industrial dispute, terrorist activity or the threat of any such acts; (b) natural disaster (including but not limited to flooding, fire, earthquake, landslide), adverse weather conditions, road closures, high or low water levels; (c) nuclear or other industrial accident causing environmental pollution or contamination; or (d) change in law, meaning, enactment, amendment (including repeal) in the law or administration of any law in Australia or any jurisdiction or territory relevant to the booking contract, which includes changes in statute,

regulation, determination, by-law, declaration, licence and the common law as applicable from time to time.

Termination of Booking Contract or Change of Travel Arrangements due to Force Majeure

If APT, in its reasonable opinion, considers that any Force Majeure event prevents APT (whether directly or through its employees, contractors, subcontractors and agents) from lawfully or safely providing any products or services subject of the booking contract with you, APT may immediately by written notice: (a) terminate the booking contract (in whole or in part); or (b) change your travel arrangements as reasonably practicable to ensure your safety and invoice you for any additional costs.

Limitation of Liability in the Event of Force Majeure

In the event of a force majeure event making it impossible or unsafe for APT to deliver all or part of the Holiday Package, APT will refund the customer for the unperformed part of the Holiday Package less any reasonable losses incurred before cancellation. Losses may amount to a substantial proportion of the booking price. APT will use reasonable endeavours to minimise losses incurred by customers. Customers must take out travel insurance to protect themselves against loss in the circumstances.

ON HOLIDAY

Noise & Vibration

APT takes reasonable steps to minimise noise and vibrations on its expedition ships. You acknowledge and accept that some noise and vibration may be experienced on vessels and that APT is not liable to you for any such noise or vibration.

Seat Allocation on Land Touring

To ensure all passengers enjoy forward and window facing seats, we have incorporated a daily seat rotation system when travelling on our vehicles. The seat rotation system is not negotiable for any reason.

Personal Belongings & Lost Items

Personal reasons valuables should be kept to a minimum and packed in your hand luggage along with your medicines, camera, electrical or battery-operated appliances, as well as basic essentials such as a change of clothing and toiletries. It is your responsibility to look after your property at all times and you must ensure you are adequately covered by comprehensive travel insurance in the event of any loss.

Disruption to Cruising & Itinerary Arrangements

Itineraries are subject to alteration without notice and are intended as a guide only. Deviations to the planned cruise/touring itineraries and hotels are possible due to road, sea or weather conditions, strikes or other reasons beyond our control, although every effort will be made to keep them as they are shown in the brochure and final documents. Should conditions render cruise/land touring routes unsafe for navigation, APT reserves the right to provide alternative services including, but not limited to, accommodation on the docked ship and/or substitute ground arrangements. The nature of Expedition cruising is that you will take advantage of opportunities as they occur to enhance your cruise – this may impact other itinerary inclusions. The Captain and Expedition Leader will take responsibility for decision making in this regard. No refund is available under these circumstances. We recommend you take out comprehensive travel insurance that includes coverage of events such as these as we will not be liable for any direct or indirect costs that you incur as a result of such an event or other factor beyond our control happening. Additionally, you are not entitled to any refund for any alterations to your itinerary that are caused or contributed to by any flood or water-related events or such other events which are beyond our control. APT can give no guarantee as to exact arrival and departure times for carriers and operators used by APT on the tour and APT will not be liable for failure to make connections with any other services or attractions beyond its control. If accommodation listed becomes unavailable, we reserve the right to substitute hotels with alternative accommodation of a similar standard.

GENERAL INFORMATION

Data Protection Policy

Any personal information (including sensitive information and health information) that APT obtains and retains from you or about you is necessary for our business purposes. Our Privacy Policy details why we collect this information, who we may disclose it to (including overseas recipients), and the main consequences if we do not collect it. Our Privacy Policy also contains information about how you may seek access to, or correction of, the personal information held about you, and our complaint resolution procedures. Our Privacy Policy is available at aptouring.co.nz/privacy or by request to us. By providing personal or sensitive information to us, you are agreeing to the terms of our Privacy Policy.

Limitation of Liability

1. Our holiday packages include the services of independent providers, such as hoteliers, airlines, cruise companies and other operators, who are not agents, servants or employees of APT. Although we take care in selecting the independent service providers and the optional excursions conducted by some independent service providers, APT is not responsible for the conduct of the independent service providers, their servants and agents or for any ramifications of that conduct. Optional excursions may, depending on your holiday package, include activities such as climbing, exploring, bike riding, swimming and snorkelling. You accept and assume the risk involved with these activities.

2. If, in the opinion of any representative of APT, your mental or physical condition is such as to affect your own health and safety, render you incapable to care for yourself, cause you to become a hazard to yourself or other passengers or result in you becoming objectionable to other passengers or staff, you will not be permitted to embark or continue on the whole or any part of the holiday package. Abuse or harassment of any kind toward crew, contracted suppliers or other guests may

result in immediate removal from the tour or cruise. APT is not liable to you for any costs associated with such decision and you will not be refunded for any part of the holiday package.

3. APT accepts no responsibility for any death, injury, illness, loss (including loss of enjoyment), damage, detention or delay (including mechanical breakdown) beyond its control.

4. Any term, condition or warranty express or implied by statute or otherwise in respect of the holiday packages contained in this brochure are excluded to the full extent permitted by law. Nothing in these booking conditions excludes, restricts or modifies the application of the Competition and Consumer Act 2010 (Cth) as amended, consolidated, supplemented or replaced.

5. To the full extent permitted by law, APT's liability arising under or in connection with these booking conditions: (a) is limited to the re-supply of the products or services or the payment of the cost of re-supply of the products or services to you; and (b) excludes liability for any indirect or consequential losses suffered by you or any third party, howsoever caused, including but not limited to pure economic loss or any special, extraordinary or punitive damage to you or any other party.

6. Your travel agent will forward deposits and other payments to us on your behalf, but your travel agent is not our agent for the purpose of receipt of monies. Receipt of deposits and subsequent payments by the travel agent does not constitute receipt of those monies by us and the travel agent has no authority expressed or implied to receive monies on our behalf. There is no liability on the part of APT in respect to any monies paid to your travel agent unless and until APT notifies you (by way of a booking confirmation advice or payment receipt advice) that monies have been received by APT. APT reserves the right to cancel any ticket or booking or refuse to carry any passenger where payment has not been received by APT within the specified time.

Responsible Service of Alcohol

Our staff are trained in the Responsible Service of Alcohol and are obligated by law to refuse service to any guest who, in their reasonable opinion, appears to be or is intoxicated, or behaves in an aggressive or offensive manner. There are some remote destinations where the consumption of alcohol is not permitted.

Medical Assistance

APT does not employ medical staff on ships or at our accommodation, with the exception of the MS Caledonian Sky and MS Island Sky. If you require medical attention, local medical services can be contacted immediately. You are responsible for all charges that result from a visiting a medical facility, or for a medical practitioner visiting you. APT is not responsible for the type or quality of the medical services you may receive.

Adventure Pack and Day Kit

Service Enquiries

If a problem occurs during your holiday you should, in your own interests, advise your Driver-Guide or Expedition Leader so that steps can be taken to resolve the matter. If you remain dissatisfied, any complaint must be made in writing to APT within 30 days.

Land touring is conducted in 4WD vehicles with limited luggage capacity. Each passenger is asked to limit their luggage to one small/medium soft bag or suitcase weighing no more than 16kg (35 lb approx) and with dimensions of no more than 66cm length x 35cm width x 32cm height. Cameras, make-up bags etc should be carried separately. Should you have excess luggage, it is your responsibility to organise for this to be forwarded to your final destination. For Kimberley Coast expedition cruises, regular airline luggage restrictions apply.
