# Aurora Expeditions

Australian-owned adventure travel company Aurora Expeditions are the leaders in expedition travel to the polar regions and to other remote locations around the world. Over the past 27 years, we've been leading expeditioners to the heart of nature in some of the world's wildest locations: Antarctica, the European Arctic, Costa Rica, Patagonia, Greenland, Iceland and many more.

Many of Aurora Expeditions' team members are renowned for their extensive knowledge in their respective fields and are passionate to share their knowledge with expeditioners. Innovative itineraries and low passenger numbers allows Aurora Expeditions to take advantage of spontaneous wildlife displays or adapt to ice and weather conditions, rather than skip a landing.

From the beginning Aurora Expeditions has been about exploration. Founded by well-known mountaineer Greg Mortimer and his wife Margaret, Greg's pioneering spirit of adventure is at the heart of Aurora Expeditions' ethos/philosophy.

## Expedition inclusions

- Fully-serviced accommodation in your chosen stateroom or suite

- Complimentary 3-in-1 polar jacket
- Complimentary use of Muck boots during the voyage
- Complimentary use of the fitness centre
- Personalised photo book (post voyage)

<sup>^</sup>Dinner only

# The *Greg Mortimer*

Aurora Expeditions' new state-of-the-art purpose-built expedition vessel, the *Greg Mortimer*, is the first passenger vessel to feature the Ulstein X-BOW®, allowing for faster and smoother sailings. Named after Aurora Expeditions' adventurous co-founder, the *Greg Mortimer* carries an average of just 126 passengers per voyage, in line with Aurora Expeditions' vision of providing 'small group, big experience' voyages.

Having a small ship allows the expert expedition team flexibility to change course and take advantage of spontaneous wildlife displays or spectacular shore excursions. Providing two to three excursions a day, Aurora Expeditions provides passengers with plenty of time to explore the surrounding wildlife and scenic locations visited.

The *Greg Mortimer* is designed for expeditioners to relax and unwind after a busy day's exploration. Equipped with six dedicated viewing areas for unparalleled views over our surroundings, a wellness centre, two bars, a fitness centre and an extensive library, the *Greg Mortimer* is the perfect 'home away from home.'

Hydraulic viewing platforms: Custom-built for Aurora Expeditions, these dedicated observation areas offer unobstructed views of passing wildlife.

Zodiac-loading platforms: Shore excursions are made easier with four sea-level Zodiac-loading platforms and an activity preparation area.

Relaxed staterooms: 79 cabins ranging from Aurora Staterooms to Suites, all with a private en suite.

Lecture theatre & lounge: Interact with fellow expeditioners, enjoy talks and briefings or relax while watching documentaries in the comfortable theatre.

## Patagonia & Chilean Fjords

Departs: 02 Apr 2020 from Ushuaia to Puerto Montt
